#### South Leading in National Reform.

At last there is a fighting chance to remove the federal shield of interstate commerce from "blind tigers" fed with "original packages" by the liquor dealers outside the state. For this purpose the new Sheppard-Kenyon bill has been selected by a committee appointed by the Interstate Conference, which met at Washington, December 15, with Governor Mann, of Virginia, in the chair, and all-branches of the temperance army gathered in unity.

It is the old Webb bill with a new etion added. It outlaws all ship ments of liquers into any state for unlawful use, and so deprives all shipments during the whole journey of any interstate commerce protection. Its friends should make a vigerous campaign to induce their Congressmen and Senators not

Since 1907 the South has taken the leading part in all moral reforms in Congress. Senator Johnston, of Alabama, leads the battle for a Sauday law in the nation's capital. Congressman Sims, of Tennessee, leads the battle against race gamb ling. Congressman Hobson, of Alaboma, and Senators Clay and Bacon. of Georgia, and Tillman, of South Carolina, have been among the foremost temperance leaders, and so it s fitting that the South should take an active part in carrying this state's rights bill.

In this view, Dr. Wilbur F. Crafts. Superintendent of the Internation Reform Bureau, one of the three legislative agents at Washington to whom the work of carrying this bill has been committed, is making a tour of the South, and will give a free ecture on this and other reform issues at The First Presbyterian
